

# PROJECT REQUEST OVERVIEW

May 16 – July 15, 2022

## About the Program

SIA Summer Impact Analysts work for four months in paid positions with the Social Innovation Academy & SIA Partners from May – August of each year. Analysts will have 7 hours per week for 8 weeks to dedicate towards supporting impact organizations on projects. Each project is completed in pairs (two Analysts will be staffed on your project).

## Am I eligible to issue a project?

You are eligible if:

- You are an organization with a social, environmental, or cultural mandate. We are open to all forms of organizations (e.g. start-ups, small businesses, co-operatives, non-profits, charities).
- You are headquartered in Canada or you have a significant amount of operations in Canada.
- You have an interesting project that can be done in **eight weeks** for **seven hours/week per Analyst**.

## What projects can we issue to the Analysts?

We are open to working with you on a variety of projects as long as they are within our Analysts' skillsets. We expect most of the projects to be related to:

- Market Research
- Financial Modelling
- Impact Measurement
- Marketing & Communications
- Strategy

## Is there a project fee?

Yes, we are charging a project fee on a sliding scale between \$500 to \$2000, depending on your organization's ability to pay. If this fee is not feasible for your organization, please let us know in the application Google Form – we don't want the cost to be a barrier for your organization if you need the support.

## How do I issue a project?

Submit an application via Google Form by the deadline specified on our website: [socialinnovationacademy.ca/projects](https://socialinnovationacademy.ca/projects)
